

Parent Action: Kivinen Meeting : Let's ALL go!

**K. Kivinen (SG of the schools) will host this open meeting to discuss Secondary Reform
On Wednesday, 23 October from 12.45 to 2.15pm
in the Grande salle du CCP; Rue de la Loi, 80**

BRUSSELS SCHOOLS PARENT ASSOCIATIONS say

**"Stop run-away reform of Secondary Studies and focus instead on
securing sustainable funding of the schools"**

This Wednesday there is an opportunity to direct your concerns on the current Secondary Reforms and Financing of the European Schools system (including cost-sharing) to the Secretary General of the European Schools, Mr. Kari Kivinen.

We would show the force of our concerns by turning out in numbers. Even if you can only afford a short time out of your day, please do consider turning up.

The meeting may also allow us to receive public statements on the Secretary General's current thinking as regards our children's educational future. These need to be extracted by informed questioning of both the Secondary Reforms and the current actions to ensure sustainable financing for the schools.

To that end, we will post online on TUESDAY some pertinent questions - a guide so to speak - and further information on both the Secondary Reforms proposals and the current Financing or "cost sharing" discussions.

We would ask you to read these to be as informed as possible and to please come to Wednesday's meeting to defend your children's and indeed your colleagues children's educational future.
