Register Now!

IBC Fellowship Hall
Lange Eikstraat, 76-78
1970 Wezembeek-Oppem

Price: Members 100 Euro / Non-members 150 Euro

Neil MacKay focuses on the needs of dyslexic learners in the mainstream classrooms. This training is as much for parents as it is for teachers because parents need to know what the teachers know and be aware of what they should and should not be doing. At the same time, teachers will get to know how the parents can collaborate with them when the child is at home. The secondary focus of this event is to encourage parents and teachers to collaborate in an efficient way in order to ensure that Dyslexia is not a barrier to learning and achievement.

At each of these events we will have a selection of books on sale and free information (hand-outs).
