

# «APEEE PROJECT: REINFORCEMENT OF VALUES - S1 to S6»

- Why? Need to reinforce values among teenagers to complete what is done at home and by the school.

PILOT PHASE approved by APEEE bureau and tested with 1 delegate per class, consisting of an interactive workshop with 25-30 students with a specialised company/foundation: "Les Loulous Philosophes/Les ados Philo". Done during "EEB1 project weeks":

- 22/2/2019: S5 & S6: "What is a successful/happy life? does success depend on my will/ what makes what I am?" Timing: 2 periods (90')
- 12/4/2019: S3 & S4: "Development of self-esteem". Timing: 2 periods (90')
- 11-12/4/2019: S1&S2: "Difference between real and virtual". Timing: 2 periods (90')

The school and class counselors were very supportive and helpful.

# RESULTS OF PILOT PHASE

An evaluation form was filled out by participants in the pilot phase.

Students were very positive and active. Some of them said it was interesting to reflect about these issues, have a place to discuss openly and know what their peers think about them. Most of them were clearly interested in the project and its continuation.

**Selected comments** by the students :

*"it helped to reach into myself and think".*

*"...it was inspiring". ...."it was really truthful", "I had never thought about these questions before".*

*"...I've never participated to something like this". ..."the workshop gave me important thoughts" ...."it made me think about my life". ...."interesting to hear how other people (peers) think too"*

*"...we never talk about this but we all have these problems"*

*"...I can't understand why only few students are doing it". "I would like to have more workshops".*
