@techlaurent

Agenda

- 1 A quick reminder of the platform and its main tools
- 2 Demo: general interface, conversation, OneNote, assignments, online classes
- 3 Some help for you + questions you could ask the Head of school
- 4 Q&A

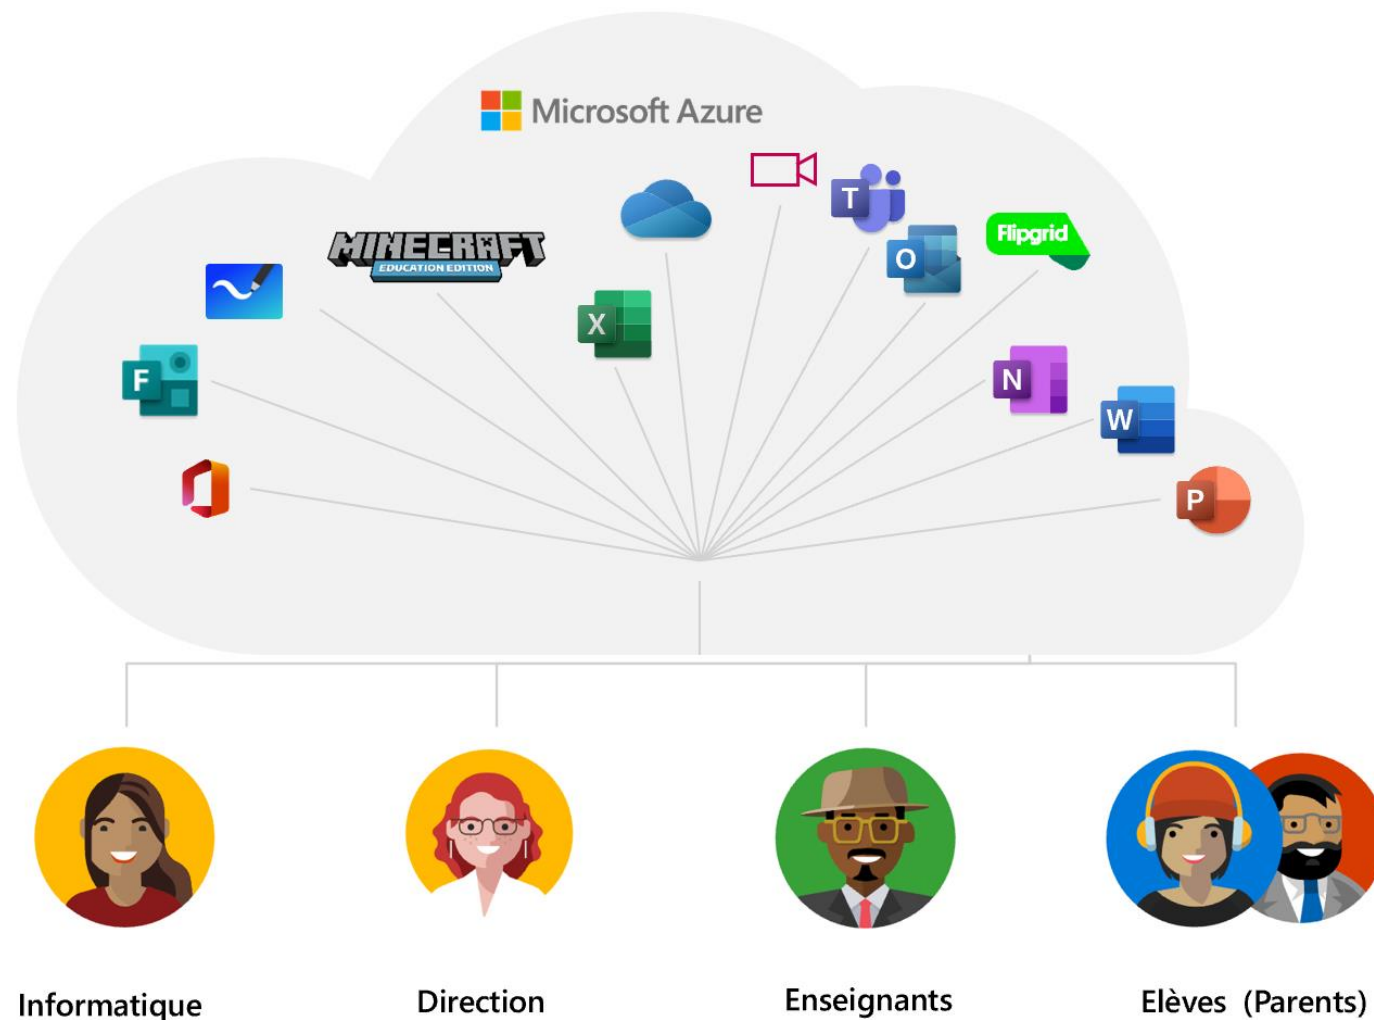

Disclaimer

Some of the points mentioned in this session or certain practices may not reflect the existing practices of your children's teachers

You should therefore contact the head of school if you wish to see this point or this practice implemented

What is Microsoft 365 for a school ?

Outlook

This is my son/daughter's mailbox

Calendrier

This is the calendar where my son/daughter can find online class invitations, for example...

OneDrive

This is the school cloud where my son/daughter stores his/her personal documents

This is also the place where my son/daughter can create their homework materials, if the teacher has not provided resources

Forms

These are the questionnaires/quizzes that the teacher can send to students

These are the ClassNotebooks where my son/daughter can find the course materials

These are the Office documents that my son/daughter can create

These are also the Office documents that my son/daughter can share with classmates to co-write a document, a presentation

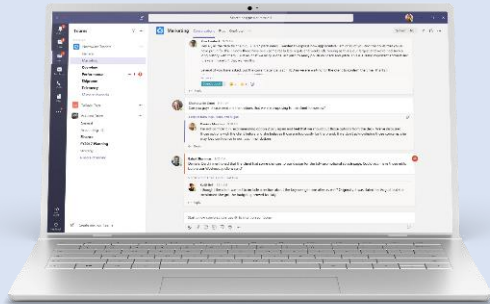

This is the digital hub for all tools mentioned above

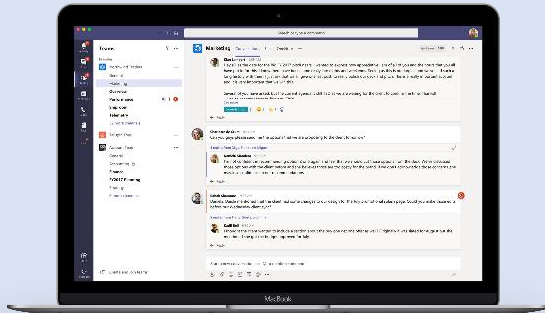

Some technical requirements

PC

 Windows 10

Mac

 OS X 11 +

Tablets & Smartphones

 Version 4.4 +
 iOS 12.2 +

Browsers

 Edge

 Chrome

Safari & Firefox

**** Recommended ****

**** Don't forget to update ****

I have several children who use Teams

DEMO

i Why Teams and MS 365 will continue after the pandemic

Student's digital skills

Skills required by actual & future recruiters

Work or learn wherever you are & whatever device you use

? Some common questions and their answers

Why online classe gets « bombed » ?

Qui peut éviter la salle d'attente ?

Qui peut présenter ?

Autoriser les participants à activer le son

- Does IT have rules in place to properly manage what students do in an online classroom?

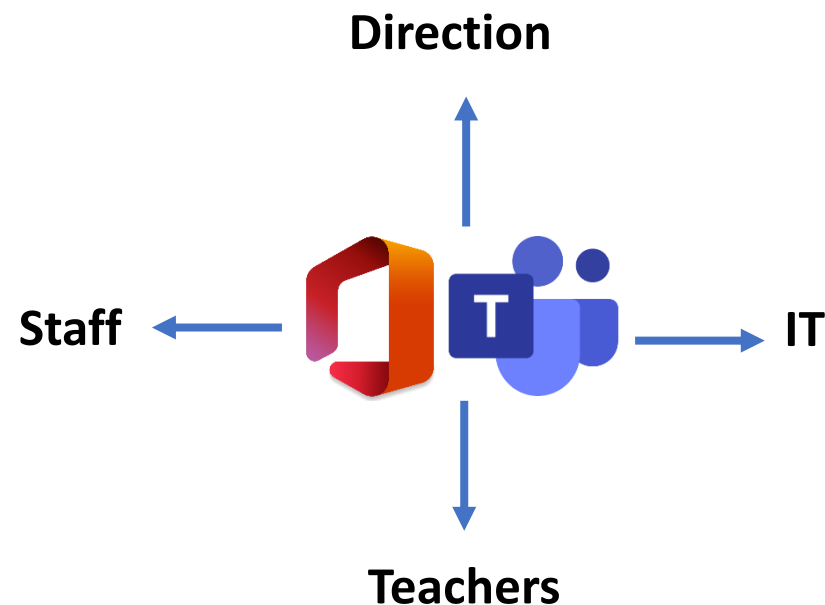

Why does my son/daughter get lost in class work ?

- How are teachers trained?
- Is there a process in place to homogenize practices?

Why does it take so long ?

- Is the platform well understood and used by all?
- What steps have been planned for change management ?

❌ TEAMS : why it does not work on my device ?

Teams features by platform

If you need to know which Teams capabilities are available on which platforms, here's the detail for you. We'll be working to update and add to this information. Note that some features require that an admin or team owner make them available for your organization.

This information applies to the currently available Teams product used with Microsoft 365 for [business](#), [enterprise](#), or [education](#) plans. It does not apply to the [free version of Teams](#) or Teams used with [Microsoft 365 Government](#) plans. For information about upcoming capabilities, see the [Microsoft 365 Roadmap](#).
